Good afternoon!

My name is Anna Kaplan. I'm in Eric's ISAT 480 and a grader for his ISAT 160 class (The one with curly hair). I'm currently on an environment focused alternative spring break in Florida. The work we are doing is a bit tedious but a great time to talk, so I offered up the questions you proposed in the activity. We did it in a big group style and it sparked some really enjoyable conversation! I just wanted to thank you for introducing that activity. I really love how it gives everyone an opportunity to talk about themselves in a unique way. The fourth question was interesting in a group discussion. We've only known each other for a few days and it turned into such a nice compliment circle. It was really great to do with the people working on the conservation, because we had such a nice opportunity to share our appreciation for them. The leaders on this break loved the questions and the opportunity to reflect on ourselves and other people.

I just wanted to email you to thank you for sharing this awesome activity. I hope your spring break is going well!!
